

ST. MICHAEL'S SECONDARY SCHOOL

**MOTTO: "EDUCATION OUR HOPE"
"ELIMU TUMAINI LETU"**

St. Michael's Secondary School is a community school for boys and girls from the Mukuru slums in Nairobi. It is a mixed day school, providing an option of affordable quality secondary level education from Form One through to Form Four. It is located on Likoni Road at the Mukuru Promotion Centre Head Office.

St. Michael's is under the sponsorship of Mukuru Promotion Centre (MPC) which is an organization run by the Sisters of Mercy. It deals with education, health, welfare and social rehabilitation programmes. A huge population of the Mukuru slum can not access high school education because of the prohibiting costs in education. Thus, the enrollment number at times dwindles.

At St Michael's, we pride in giving our students the highest quality of education where the students can afterwards go out into the world, well educated and well equipped in every aspect to be an influence for good.

VISION:

"The Mukuru community attaining sustainable holistic human development and self-reliance."

MISSION:

"Provide early childhood development and education, secondary education, vocational skills, social rehabilitation and health services to the Mukuru community."

Facilities include classrooms, a science and computer laboratory, library and prayer room. For extra curricular activities offered, a football pitch and basketball court are available for sports. Educational trips and excursions are also available for the application of theoretical knowledge. As compared to other secondary schools in the country, it is well-equipped for learning and extra curricular activities.

Education is one of the most important building blocks for the healthy development of any society. It is absolutely essential for poorer communities, since education empowers people with skills for employment, and a voice to articulate their needs to governments and service providers. Hence, the school specifically targets children from the surrounding Mukuru area.

“Help us, help others to start their journey of learning.”
